## VDO demo case mobile 4.0

---

The VDO training case 4.0 is the optimal device for any training of digital tachographs. Whether legally relevant trainings for workshops in relation to periodical check (§57b) or trainings for drivers or fleet operators, with the VDO demo case for DTCO trainings you are perfectly equipped.

In particular, the new DTCO® 4.0 functions (acc. legislation EG VO 165/2014 and 2018/502) with DSRC and GNSS as well as the handling of the new KITAS 2185 seal can be trained under real conditions

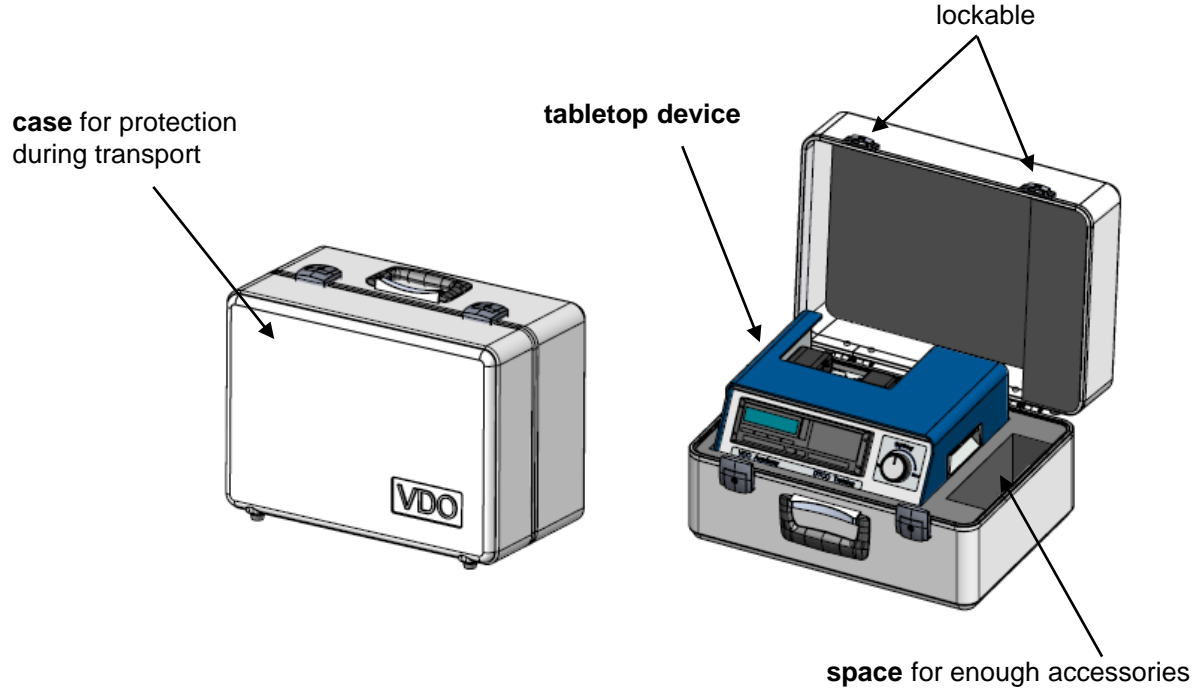

An additional connector with plug A-D as well as a 24V output interface to connect a further device ensures a universal application.
